RESPONSE TO OFFICE ACTION

August 1, 2005

Commissioner For Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This is in response to the Office Action mailed on May 6, 2005. Claims 8-20 are pending in the application, and have all been rejected under 35 U.S.C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as his invention. Claims 8-10, 12 and 14 have been rejected under 35 U.S.C. §103(a) as being unpatentable over U.S. Patent No. 6,146,079 of Ghibaudo in view of U.S. Patent No. 5,807,043 of Blank and U.S. Patent No. 3,604,521 of Collins. Claims 15-18 and 20 have been rejected under 35 U.S.C. §103(a) as being unpatentable over U.S. Patent No. 6,146,079 of Ghibaudo in view of U.S. Patent No. 5,807,043 of Blank, U.S. Patent No. 3,604,521 of Collins and U.S. Patent No. 4,611,848 of Romano. Objection has been raised to claims 11, 13 and 19 as being dependent on a rejected base claim, but these claims are indicated as being allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Applicant has now amended

claims 8-13 and 15-20 to particularly point out and distinctly claim the subject matter which he regards as his invention. In addition, Applicant has cancelled claim 14 and added new claims 21-27. Applicant offers the following remarks to address the rejections of his claims and respectfully requests reconsideration of the application in view of such remarks. Since no claims are being added to the application beyond the number previously paid for, the filing of this Response does not require the payment of a fee for additional claims.
